The School District of Rhineland is committed to technology. At the elementary level, we are proud to be able to provide Chromebooks for all students to use at school beginning in Kindergarten. Some students find using a **computer mouse** is beneficial to them. We recommend a mouse with a cord versus a wireless mouse as they are easier for students to use. Headphones are provided, however if your child prefers a certain kind, you may send those to school with their name on them.. You may want to consider these as suggested items.
